## Integrated Freestanding Internet Ready Touch Screen Kiosk

### Features

- Metal or Injection Molded Plastic Computer Enclosure
- No Exposed Cables, Wires or Ports
- Small Footprint
- Premium Quality Components
  - 15" 17" or 19" Active Matrix LCD
  - Intel High Power Computer System
  - Responsive Touch Screens
- Internet Ready
- Plug and Play

### Applications

- Retail Sales & Customer Services
- Healthcare
- Food Ordering - QSR
- Government Services
- Hospitality
- Visitor Information
- Ticketing Systems
- Automation & Control Systems
- Human Resource Programs
- Certification & Testing

### Options

- Bar Code Readers
- Magnetic Card Readers
- Stereo Speakers
- Cameras
- Telephones
- Tamper Proof & Moisture Resistant Keyboards
- Integrated Wireless Connectivity
- Biometric Devices
- Check Readers (MIRC)
- mPale Antibacterial Coating
- HIPPA Privacy Filter
- Printers

### Branding Opportunities

- Overhead Signage
- Bezel Silk Screening
- Custom Add-ons

## Completely Integrated Free Standing Touch Screen Kiosk System

**The VantagePoint Is Thin.** The VantagePoint kiosk, which is less than 17.5 inches deep, is a sleek and elegant yet durable kiosk system ideal for self service applications. The VantagePoint offers all the functionality and features of a traditional cabinet kiosk with a revolutionary slim profile. The VantagePoint also provides the stature, signage opportunities and visibility of a conventional kiosk in a fraction of the space.

**The VantagePoint Is Good Looking.** The VantagePoint stand is constructed from vandal resistant steel and may be manufactured in any color to give the kiosk a unique or brand reinforcing appearance or to compliment the décor of the installation site. Additionally, an acrylic overlay may be mounted to the kiosk front and a replaceable billboard may be attached to the top of the system so signage may be prominently displayed on the kiosk. The entire system can be manufactured in stainless steel for a designer look with increased corrosion protection.

**The VantagePoint Knows How Accessorize.** A host of peripheral devices may also be fully and securely integrated into the VantagePoint kiosk. Optional devices for the VantagePoint include bar code scanners, stereo speakers, magnetic swipe readers, tamper and moisture resistant keyboards, digital video cameras, badge readers, scanners and wireless Internet. When upgraded to the VantagePoint Print the system can support receipt, ticket and full size printers.

**The VantagePoint Is Ready to Perform.** Powered by the SeePoint Patented Kiosk computer, the VantagePoint provides robust and responsive multimedia computing for a dynamic interactive experience as well as high uptime and availability of your critical kiosk applications. With fast processing power, full-screen video and high quality sound, the VantagePoint is ideal for user-driven, self service applications. The VantagePoint is Windows and Linux compatible, using a standard, open architecture designed to run your software and applications that are off-the-shelf, from independent software vendors or your in-house team.

VantagePoint is a reliable, cost effective solution ideal for easy, rapid and wide spread installation. To create an instantaneous self service solution, just remove the kiosk system from its box, plug it in and load your website or custom application. Unlike many products, VantagePoint is a fully integrated kiosk system that does not require any on-site assembly, cabling or wiring.

## Celeron / Core2Duo Board Configuration

### LCD DISPLAY OPTIONS::

- 15" Active Matrix 360 NIT LCD Panel (1024 x 768)
- 17" Active Matrix 360 NIT LCD Panel (1280 x 1024) (Steel Bezel)
- 19" Active Matrix 360 NIT LCD Panel (1280 x 1024) (Steel Bezel)
- 17" High Bright Active Matrix 1000 NIT LCD Panel

### TOUCH SCREENS:

- Surface Acoustic Wave
- Resistive Touch
- HIPAA Compliant Privacy Touch with SAW Technology
- AEGIS Antimicrobial Coated Touch Screens

### COMPUTER:

- Intel® Core™ 2 Duo / Core™ Duo
- Core™ 2 Solo / Core™ Solo Mobile CPU
- Intel® 82945GM Express Chipset
- Realtek RTL8111B PCI-E Gigabit LAN

### MEMORY:

- Two DIMMs up to 4GB 2-CH DDR2 533/667 SDRAM

### GRAPHIC SUPPORT:

- DVI, 2x 18/24\*-bit LVDS, Dual View
- Intel® DVM 3.0 supports 224 MB video memory
- Intel® Graphics Media Accelerator 950

### AUDIO:

- Realtek ALC888 5.1+2 CH 5W Amplified Audio
- Supports Dual Audio Stream

### MULTI I/O:

- 1 x PS/2 Keyboard
- 1 x PS/2 Mouse
- 2 x RS-232
- 1 x VGA port
- 1 x DVI port
- 4 x USB 2.0/1.1
- 1 x RJ45 Port
- 5.1 CH Audio I/O (3 jacks)

### STORAGE:

- Shock Mounted Sata Hard Drive (160 or 300 GB)
- Solid State Flash Disk (1GB or 2GB)

### HARDWARE MONITORING:

- Monitoring for CPU and system temperature, voltage and fan speed

### EXPANSION SLOTS: (not customer accessible)

- 1 x PCI slot, 1 x Mini PCI, 1 x CF

### OPERATING SYSTEMS:

- XP PRO / WEPOS / WindowsVista

### ENVIRONMENT:

- Operation temperature: 0C to 60C (32 F- 120 F)

### WEIGHT:

- 120 LBS. ( for all dimension PDFs see [www.seepoint.com](http://www.seepoint.com))
